

Create the following UML diagrams:

- 1) A use case diagram for a vending machine that sells Flaming Hot Cheese Snacks and Crimson Cow energy drinks.
 - 2) A class diagram for a singly linked list of integers. The list class can perform insert, delete, and display.
 - 3) A sequence diagram depicting a cash withdrawal from an ATM.
- ★ You may work with one other person on this assignment.

Due date: ~~Before the end of class today.~~ Start of class 9/4

How to submit: Draw your UML diagrams on paper.
